

5BUGS

Tomorrow I'll play God (3. November 2006 / Rockhit Records)

Information

Berlin 2001 - 5 young and talented guys who wanted to strike new paths in their lifes banded together to evolve into one of Germany`s most wanted Punkrock bands. Trying to create music which reflects their feelings and emotions by not being slushy at the same time, 5BUGS blend together best parts of Punkrock, Pop, Emo and Rock-Sounds. In combinatin with true-to-the-heart lyrics, this unique style fits in the next generation of emotional punk music.

Since 2001, 5bugs are on road in order to inspire the people with a mix of punkrock, pop, emo and rock music. Harmonic melodies are combined with uncompromising and honest punk rock, which they have presented on their debut album „TO NO ONE ELSE EXCEPT YOU“. The album, which was publicised in march 2004 by the berlin independent label Turned Out Records, was and is still selling well in germany, austria and switzerland.

5BUGS even produced and mixed the record themselves in their own studio and it's in no way inferior to a huge recordcompany production. The result is definitely something to be proud of.

5bugs have so far played more than 250 shows and have often accompanied well-known bands such as Donots, H-Blockx, Such A Surge, Mad Caddies, Belvedere and Strung Out and on Germany's famous Festival „Rock am Ring“ in 2006. During this time an enthusiastic and faithful fanbase has formed and their support becomes obvious when you see the street team of more than 300 young people who's aim it is to convince the whole music scene about the qualities of the 5 guys from berlin.

The next step is the release of the new album ‚TOMORROW I'LL PLAY GOD‘ on November 3rd on ROCKHIT RECORDS which will be accompanied by an eventful tour where the combo wants to prove that the 5bugs are THE german newcomer band and should definitely not be missed!

5BUGS - music for anyone who favours kick ass sound straight from the heart.
